Dear Dick,

The Marshalltown Area Chamber of Commerce supports the Marshalltown IJobs Local Infrastructure Competitive Grant Program application to renovate the Marshalltown Carnegie Library into City offices.

Revitalizing and Strengthening Downtown is one of the 7 goals identified by the community in the Imagine 2011 campaign. Adaptive reuse of this historic library building is important to our community as we work to implement the strategies for improving downtown Marshalltown. Public investment for a project like this helps to attract private investment in the northern section of our downtown area, and it will certainly provide construction employment for the area.

Marshalltown is doing all it can to improve its historic buildings. We strongly urge your favorable consideration of this application to help us in our ongoing historic preservation effort.

Sincerely,

Ken Anderson

Mr. Hierstein,

Marshall Economic Development Impact Committee (MEDIC) supports the Marshalltown IJobs Local Infrastructure Competitive Grant Program application to renovate the Marshalltown Carnegie Library into City Offices. This project will improve one of the local downtown historic district buildings. An improved Carnegie library will help deliver other downtown investments. The project will assist Marshalltown in achieving one of the top 7 Imagine 2011 project goals – Revitalize and Strengthen Downtown. The project will also provide needed construction jobs.

Sincerely,
